EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Andrew Im on July 7, 2006.

The application has been amended as follows:

- In line 1 of claims 11-14, 16 and 18, "1" has been changed to ---10---.

The following is an examiner's statement of reasons for allowance:

Claims 10-18 are allowable over the prior art of record because the prior art of record does not teach or fairly suggest the entire combination of elements set forth including peripheral rings that permit relative sliding movement between the lower wall of the rings and peripheral of the drum and the relative sliding movement being of an amplitude substantially equal to the longitudinal deformations of the cable (claim 10).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
